Free Drinking Game

What you will need...

If you have purchased Uni Life through Etsy, you will have all of the components required for this game.

If you have downloaded the FREE Print & Play version, you will require the following:

1x Dice
1x Counter

We would also recommend laminating the sheets to avoid damage when drinks are inevitably spilled.

Make sure to tag us in any photos or videos you take!

How to play...

This game highlights some of the funniest and most memorable things that occur during University.

No matter how many players are in your party, you will all play with the same dice and counter. We have found this is the best way to avoid repeated forfeits.

To play, take turns to roll the dice, move the counter across the board and complete the task you land on.

Start your game on the 'day time' sheet on the tile marked HANGOVER.

Once you have reach the tile entitled GROUP LEARNING, continue your roll onto the 'night time' sheet starting with the tile called PRE DRINKS!

After the DRUNK TAKEAWAY tile, return back at HANGOVER.

This drinking game embodies the vicious cycle of studying and drinking that will occur over your Uni Life!
